

ANDUAMLAK TADESSE

Senior Data Engineer | Analytics Specialist | Azure Data Platform

Addis Ababa, Ethiopia | +251-911-859-866 | ndy.andupa@gmail.com | LinkedIn: anduamlak-tadesse-bb8bab215 | GitHub: andytaddataenginner

PROFESSIONAL SUMMARY

Senior Data Engineer and Analyst with 8+ years of experience designing and implementing large-scale data solutions. Proven expertise in SQL, Python, Azure, Power BI, and ETL pipeline development. Specialized in fraud detection, data warehousing, business intelligence, and cloud migrations. Strong track record transforming complex data into actionable business insights that drive strategic decisions.

PROFESSIONAL EXPERIENCE

Senior Data Analyst & Azure Data Engineer

Freelance | February 2018 - Present (8 years)

- Designed and deployed Azure Data Factory pipelines processing millions of records daily across multiple cloud sources
- Developed and optimized complex T-SQL queries using CTEs, Window Functions, and Pivot clauses for efficient data transformation
- Created Power BI dashboards and interactive reports with DAX functions for executive-level business analytics
- Implemented data warehousing solutions using star and snowflake schemas for enterprise clients
- Automated SSIS packages using SQL Server Agent for scheduled data processing and ETL workflows
- Managed version control with Git, Bitbucket, and Azure DevOps for collaborative data engineering projects

Senior Fraud Analyst

Ethio Telecom | March 2021 - Present (3+ years)

- Led fraud detection and investigation initiatives identifying international spam and Mobile Money fraud patterns
- Designed and deployed Power BI dashboards for real-time fraud monitoring and pattern analysis
- Created fraud detection rules, alert parameters, and configurable patterns for fraud management systems
- Conducted user acceptance testing (UAT) and documented security requirements for system upgrades

Customer Profile Management & Contact Center Advisor

Ethio Telecom | January 2016 - February 2021 (5+ years)

- Monitored and detected subscription fraud patterns in customer profiles
- Provided customer support and resolved technical issues for telecom services

Lecturer, Computer Science

Mizan Tepi University | June 2015 - December 2015

- Taught C++ Programming course to undergraduate students with emphasis on data structures and algorithms

TECHNICAL SKILLS

Languages: T-SQL, Python, PL/SQL, DAX, Java, R

Databases: SQL Server, PostgreSQL, Snowflake, MongoDB, Cassandra

Big Data: Apache Spark, PySpark, Hadoop

Cloud: Microsoft Azure, Azure Data Factory, Azure Databricks, Azure Synapse

BI Tools: Power BI, SSRS, Tableau, Looker, Excel

ETL/Tools: SSIS, DBT, Airflow, Git, Azure DevOps

EDUCATION & CERTIFICATIONS

Master of Science in Computer Science

Bahir Dar University | 2021

Bachelor of Science in Computer Science

Hawassa University | 2015

Supervised Machine Learning | Regression & Classification

Data Visualization & Dashboards | Excel & Cognos | Python for Data Science
